Kitchen design - and exceptional kitchen design at that - is a revered element of home creation. It's so much more than function. Creative expertise speaks of knowing how you want to live your life... what makes a house a home ... and this transforms practicalities into a space of infinite possibilities. There is a language with the space you live in. What do you want your kitchen to say to you? Relaxed, informal, highly functional, stylish, timeless?

All these aspects, with expert craftsmanship, are exemplified with Chatham.

The living is truly easy with such an enduring abundance of design features. Glazed display cabinets, open shelving and ample storage. All brought together with a symphony of finesse that strikes just the perfect note of individuality.

Verona

As with the city of it's namesake this design harks to a time when arches had function as well as form. A classic slow arch design with fielded panel and sharp corner detailing, Verona still stands the test of time in a contemporary setting. With a double Belfast sink and wood grained open units to finish the look it's hard not to be charmed by Verona.
